**GOVERNMENT INFRASTRUCTURE DEVELOPMENT
INTEGRITY AND SUSTAINABILITY ACT 2016.**

AN ACT to encourage and ensure sustainability of Government Infrastructure Development Projects.

Commencement:

September 8, 2016

Source:

P.L. 2016-10

§501. Short title.

This Act may be cited as the *Government Infrastructure Development Integrity and Sustainability Act, 2016*.

§502. Statement of National Objectives.

- (1) It is the right of the people under the Constitution to have health care, education, legal services and the right to a responsible and ethical government; and
- (2) To ensure confidence of the people in the government and to fulfill the rights of people under Constitution, that there is a integrity and sustainability of Government Infrastructure Development Projects without any disruptions due to change of government or administration.

§503. Interpretation.

In this Act, unless the context otherwise requires:

“Infrastructure development project” includes any service or facility necessary for social and economic development including but not limited to technical structures such as roads, buildings, bridges, tunnels, water supply, sewers, electrical grids, telecommunications, shipping or any other development projects.

§504. Integrity and sustainability of Government Infrastructure Development Projects: Changes prohibited.

It shall be unlawful for any government to change any infrastructure development project that is approved by a previous government or development including any infrastructure project that is endorsed and funded by development partners and is identified for implementation.

§505. Effective Date.

This Act comes into effect on the date of certification in accordance with Article IV Section 21 of the Constitution and Rules of Procedures of the Nitijela.
