LAND AVAILABLE FOR LEASING

TENDERS and/or applications, as applicable, are invited for the right to a lease or leases over the land or lands as described in the following advertisements on the terms and conditions as set out and subject to the provisions of the *Land Act 1962* (as amended).

The attention of Tenderers and Applicants is directed towards the following:—

Tenders.—The upset price where shown below is the assessed unimproved value of the land, and is the minimum amount acceptable as a tender. Tenders may be for any amount in excess of the upset price, but the successful tenderer will only be required to pay the difference between the upset price and the amount of the tender.

Example—

	K
UPSET PRICE	400
VALUE OF ALLOTMENT TO TENDERER	100
AMOUNT TO BE STATED IN TENDER	500

If successful, K100 would have to be paid in this case. The highest or any tender will not necessarily be accepted.

Fees.—All tenders and applications must be accompanied by an application fee of Two Kina (K2.00) for each portion or allotment required. Following the grant of a lease an additional fee for the preparation of lease document, the amount of tender less the upset price where applicable and if surveyed, the prescribed survey fee shall be payable within two (2) months from the date of grant.

Preference.—Tenderers and applicants are advised to indicate preferences if there are more than one allotment or portion being advertised in any particular advertisement, but only one registration of application fee need be lodged if only one allotment or portion is required. If more than one allotment or portion is required, an additional fee for each such portion or allotment must be lodged.

Tenderers and Applicants.—Tenderers and applicants must state full name, occupation and postal address. If more than one person is tendering or applying, it must be stated whether joint tenancy or tenancy-in-common is required. If a company, the full registered name and address of the company and that of its representative must be stated. A business name cannot hold land.

Improvements.—Expected development in respect of agricultural leases is indicated in the respective advertisements, however, full proposals of proposed development shall be submitted by tenderers or applicants seeking other types of leases or larger agricultural leases unless development is specified in detail in any particular advertisement. Where applicable development shall comply with the requirements of the Town Planning Act and the Building Regulations.

Term of Lease.—Unless otherwise indicated each lease shall be for a term of ninety-nine (99) years.

General conditions pertaining to Business Leases.— Provided all other factors are equal, preference may be given to indigenous proposals, or proposals which contain a significant portion of indigenous equity, the lease shall contain a clause requiring specific performance of that proposal within a time specified. In all cases where a lease is granted to non-natives or companies or associations not containing a significant amount of the indigenous equity, the lease may contain a clause requiring the lessee to achieve a specific level of indigenous equity within a time specified and/or to provide a certain level of management training and/or technical training of indigenous persons. The level of equity that may be required will depend upon a number of factors including the type of business, the amount of capital required, whether foreign investment is involved, etc.

General.—All applications and tenders will come before the Land Board at a time and date which will be notified to all interested parties. It is advisable to appear in person or to have representation before the Land Board.

Applicants and Tenderers will be required to produce to the Land Board acceptable evidence as to possession of suitable experience and/or financial resources, as the case may be, for the development of the land. Tenderers and applicants are advised to inspect the land before applying or tendering. All leases are subject to the excision of any necessary water supply, sewerage, drainage and electricity staywire easements, and agricultural leases to the excision of any necessary road easements.

Where a lease has not been surveyed, leases will issue as "Subject to Survey".

The attention of Public Servants intending to apply for an Agricultural or Business Lease is directed to the following:

A lease will not be granted by the Land Board unless—

The Public Servant resigns from the Public Service within two (2) months from the start of the lease;

or

Approval has been given under Public Service Regulation No. 25 to hold land.

Note.—Unless there are very special reasons, the Public Service Commission will only grant approval under Section 25 of the Public Service Regulation, if they retire within six (6) months from the start of the lease.

Land Available for Leasing—*continued*

Any Public Servant who applies for an Agricultural or Business Lease must—

- (a) notify his departmental head of the application to Land Board; and
- (b) advise his departmental head of the Land Board's decision.

Tenderers and applicants are warned that Tenders and Applications must be lodged at, or posted so as to reach the Department of Natural Resources, Waigani, before 3 p.m. on the closing date indicated in each advertisement.

All Tenders and Applications must be accompanied by the prescribed application fees or be rejected as informal.

(Closing date.—Tenders close at 3 p.m., Wednesday, 16th April, 1980)

NOTICE No. 37/80—TOWN OF HOHOLA—CITY OF PORT MORESBY—NATIONAL CAPITAL DISTRICT

TOWN SUBDIVISION LEASE

PURPOSE: LOW AND MEDIUM COVENANT RESIDENTIAL

Section	Location			Area in ha (approx.)			Improvements	Annual Rent 1st 10 years		
108	Gordons			1.05	See Schedule below	K187.00

Schedule:

1. The subject land is located in the suburb of Gordons and bounded by Woodcock Road, Ibis Crescent and the adjoining electricity reserve.

2. The duration of the Town Subdivision Lease shall be for a maximum period of five years within which time the lessee shall be required to subdivide the land and install the required service infrastructure in accordance with prior approved plans of subdivision and to standards laid down by the appropriate authorities—that is with regard to sewerage, water and electricity reticulations and roading. The lessee shall at the end of the aforementioned five years, or at any earlier time subsequent upon the completion of the service infrastructure and the registration of the plans of subdivision, surrender the Town Subdivision Lease conditional upon the grant of individual leases over the newly created allotments which will then permit the sale of the allotments and the houses constructed thereon.

3. Applications for this lease do not require a sum of money to be tendered, however, all applications should be fully documented and shall include evidence and material relating to the following:

3.1. A preliminary subdivisional proposal which shall take account of the following design constraints:

3.1.1. A minimum allotment size of 450 square metres.

3.1.2. Internal roads to provide vehicular access to the respective allotments where possible and such road reserve to be of a minimum width of 10 metres where such roads do not exceed 100 metres in length.

3.1.3. Footpath access to be provided to the adjoining electricity reserve which could be used for recreation purposes.

3.1.4. Documented design proposals for roading, sewerage, water and electrical reticulations to those standards respectively applicable.

3.1.5. Preservations of existing trees where possible.

3.1.6. A proposed plan of subdivision is available for either inspection and for adoption—TRP, 1/212.

3.2. It is envisaged that Lessee will construct a variety of low and medium covenant housing types on the serviced allotments and that these houses will be sold to Nationals of Papua New Guinea thereby promoting the concept of home ownership. It is envisaged that such housing will be of an innovative nature and that the respective applications for this land will be accompanied by documented evidence outlining:

3.2.1. Housing design which shall be kept simple and which shall be of a physical form which will easily permit expansion or extension at some subsequent time. The developed state will include examples of both 'basic' and 'expanded' housing types.

3.2.2. Housing construction costs.

3.2.3. A selling price for each unit which will document any relevant marginal costs.

4. Preference will be given to those applicants who are able to undertake the development of the service infrastructure, construct housing to the required standard and provide mortgage finance to facilitate the sale of the constructed housing.

Such a capacity should be documented and should accompany the application for the subject land.

5. In preparing the documentation required above applicants should bear in mind that fact that the Department of Lands, Surveys and Environment is vested with the responsibility of approving land transfers and accordingly, selling price can and will be checked against the documented evidence submitted in support of the successful applicant's submission.

Land Available for Leasing—*continued*Notice No. 37/80—Town of Hohola—City of Port Moresby—National Capital District—*continued*

6. All applications received for the subject land will be vetted by a committee comprising representatives of the Department of Lands, Surveys and Environment and the Department of Urban Development (Town Planning Division) prior to referral to the Papua New Guinea Land Board and accordingly it would be the interest of the respective applicants to discuss their submissions with these Departments prior to formal submission.

Copies of Notice No. 37/80 and plan will be displayed on the notice board at the Department of Lands, Surveys and Environment, Regional Office, Hohola; the District Commissioner's Office, Port Moresby and the City Council Hall, Waigani.

They may also be examined in the Land Allocation Section of the Department of Lands, Marea Haus, Waigani.
