Vanuatu Gov't - vs - Aha Sine

Appearances: Wilson for Pff
and Defendant in person

Claim: 28000 Tl plus costs.

Pff: The defendant is nurse at the Vila central hospital. She lives in the residence of the Vila central hospital. She had agreed with the central hospital to pay a monthly premium of 5000 for water and electricity.

Deft: On the date that he claims
he wrote me a letter I
was on holiday. About the
bills, I refuse to pay
because there is no water
meter nor electricity meter.
How should they know how
much water I have used
during a month or electricity
I have used. I have not
had a contract with the hospital
for the payment of water
and electricity.

I also refuse to pay because
it states on my invoice that
description states accommodation
water and electricity and
on my pay slip I pay
\$2000 per fortnight.

Court order: That deft pay \$28,000
plus \$2000 cost by
3/1/18
20 days to appeal
